Meeting ID: 892 1662 4854

Passcode: RKP83

On the 83rd birth anniversary of our Late Chief Mentor, Dr. Rajendra Kumar Pachauri (Patchy to many), the POP global family commemorates his memory through a series of climate action messages from the youth and global leaders, awards, dance, and music performances.

The event focuses on promoting leadership, showcasing the exemplary efforts of POP (Protect Our Planet) Movement's climate leaders – celebrating the success of the 50 climate leadership conversations as a tribute to our Chief Mentor, Dr. R.K. Pachauri, that started in 2021, and charting a way forward for impactful climate action.

Together, we remember and honor Dr. R.K. Pachauri's indomitable spirit and his dedication to making the world a better place for generations to come.

The RK Pachauri Award for youth-led climate action, and the John "Mac" McQuown Award for youth-led climate technology and innovation, will be announced to motivate young climate leaders to advance the mission and work of Dr. Pachauri's brain-child, the POP Movement.
