

# POP SUMMER MENTORSHIP PROGRAM 2025

---

## About the POP Movement

The POP (Protect Our Planet Movement) is a global initiative that empowers young people globally to combat climate change. Inspired by the visionary leader Late Dr. Rajendra Kumar Pachauri, the POP Movement nurtures youth-led climate solutions through awareness, education, mentorship and collaborative action across the globe.

## Introduction to the Internship Program

This year, the POP Movement is launching its first Summer Mentorship Program set to commence in June 2025. This immersive and action-oriented mentorship is open to everyone, especially students and young people who are passionate about *sustainability, climate action, and leadership*.

The program aims to equip young people with the knowledge, awareness, and hands-on learning required to become leaders of change in their communities and beyond. In this program, interns will contribute to POP Movement projects and enhance their skills through project-based learning and collaboration.

## Objectives of the Mentorship

- Building awareness about climate change and sustainable practices among youth.
- Providing real-time experience of climate action, disaster management, and environmental advocacy.
- Enabling youth to lead and create their initiatives that align with the mission of the POP Movement.
- Promoting creativity and innovation through youth-led designing, campaign development, and communications.
- Cultivating a global perspective through intergenerational, interregional, and intercultural collaboration.

## Key Focus Areas

### **Climate Change Awareness and Advocacy**

- Participate and organize events, webinars, workshops, and storytelling events for climate action.
- To spread awareness and lead the POP CAN (Climate Action Now) Initiative 2025 during and beyond the mentorship program 2025.

### **Project Leadership and Coordination**

- Lead and assist in youth-led climate projects and initiatives.
- Collaborate with peers on innovative and sustainable solutions.

### **Design and Communications**

- Participate in design projects, including creating social media content, infographics, posters, and branding materials.

### **Benefits for Interns**

- Experience working on live projects with global impact.
- Skill development in leadership, project management, design, communication, and research.
- Mentorship from global experts in climate science and youth empowerment.
- Certificate of completion, recognizing your valuable contribution.
- POP goodies and merchandise to celebrate your efforts.
- Relationship building and networking opportunities with like-minded youth, professionals, and organizations.

### **Duration & Mode**

Duration: Six to eight weeks (June–July 2025)

Mode: Hybrid

### **Eligibility Criteria**

- Open to young people from all disciplines.
- Must be passionate about sustainability, youth leadership, and community engagement.

## How to Apply

Interested candidates can **Get in Touch** through the POP Movement's official website:

 <https://thepopmovement.org/>

## Conclusion

The POP Summer Mentorship 2025 is more than just a program—it's a chance to contribute to environmental protection and develop as a global citizen. This program will help you explore your potential and make a difference, whether in climate advocacy, disaster management, creative design, or youth mobilization.

***Join us, this summer— Be the change — Be POP!***
